

UF | **IFAS Research**
UNIVERSITY of FLORIDA

Overview of Goals, Activities
and Organizational Structure

MISSION STATEMENT

The research mission of UF/IFAS, conducted under the auspices of the Florida Agricultural Experiment Station (FAES), is to discover new scientific knowledge, encourage innovative study and create applications based on sound science that address challenges facing agriculture, natural resources, and interrelated human systems in Florida, our country, and the world.

UF/IFAS RESEARCH OFFICE GOALS

Research
Culture:

**Enrich our research culture
to strengthen innovation
and discovery...**

...by encouraging the recruitment and retention of diverse, top-performing faculty and staff, developing and improving student research experiences, and promoting synergies between the land grant missions.

Research
Programs:

**Expand our global leadership
in transformational basic
and applied research...**

...by developing “seed” programs to support strategic research initiatives, increasing awareness of funding opportunities, and funding targeted investments in equipment and infrastructure.

Research
People:

**Build satisfaction and
quality of life on the job
for faculty and staff...**

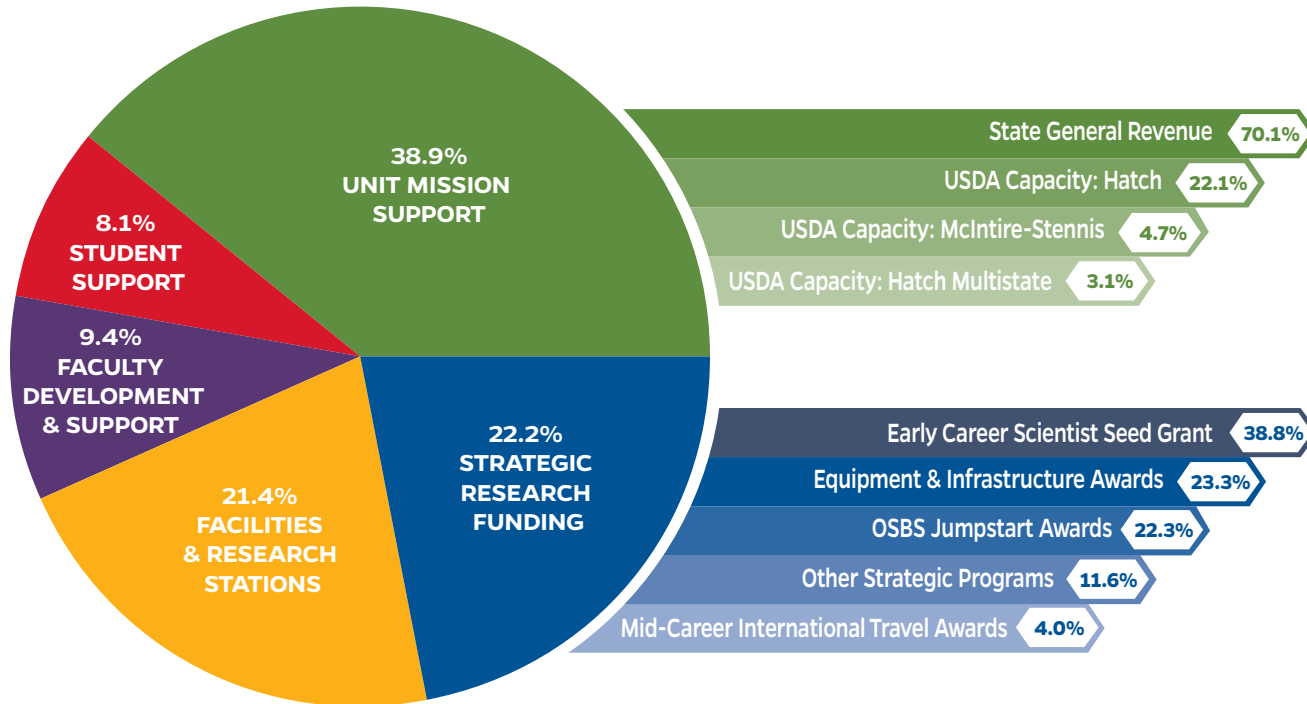

...by facilitating professional development, fostering an inclusive and collegial environment, promoting staff achievements, and recognizing distinction in disciplinary and interdisciplinary research.
