DOE Proposals – Gary Peter

- Biology is a small part of what DOE funds
 - Office of Science (Applied & Fundamental), ARPA-e (Program Director), EERE (Road Map), Early Career
 - Helps to talk to program director/manager
 - Make comments to RFIs
 - Serve on panels
- Needs to clearly address one of DOE's missions: energy – environment
- Systems approaches important for Office of Science
- Collaboration with National Labs valuable
- Center grants important – strong teams
- User Facilities – JGI - EMSL
- JGI Community Sequencing Program
