Calling all undergraduates who are curious about science and want to make an impact on their community!

As a UF/IFAS undergraduate research intern, you will:

- Be involved in projects that **create lasting impacts for global communities**
- **Develop a relationship with a faculty mentor and discover new knowledge**
- **Build your resume while exploring career options** with universities, industry, government, and non-governmental organizations

Application information

- **CALS majors receive placement priority, but all undergraduates are welcome to apply**
- **Applications will be accepted in January**
- **Applications include your resume and choices of potential faculty members**
