

2019 UF/IFAS Annual Report of Peer-reviewed Journal Articles – Confirming Peer-reviewed in UF Libraries Catalog

To determine if a specific journal is peer-reviewed, follow these steps:

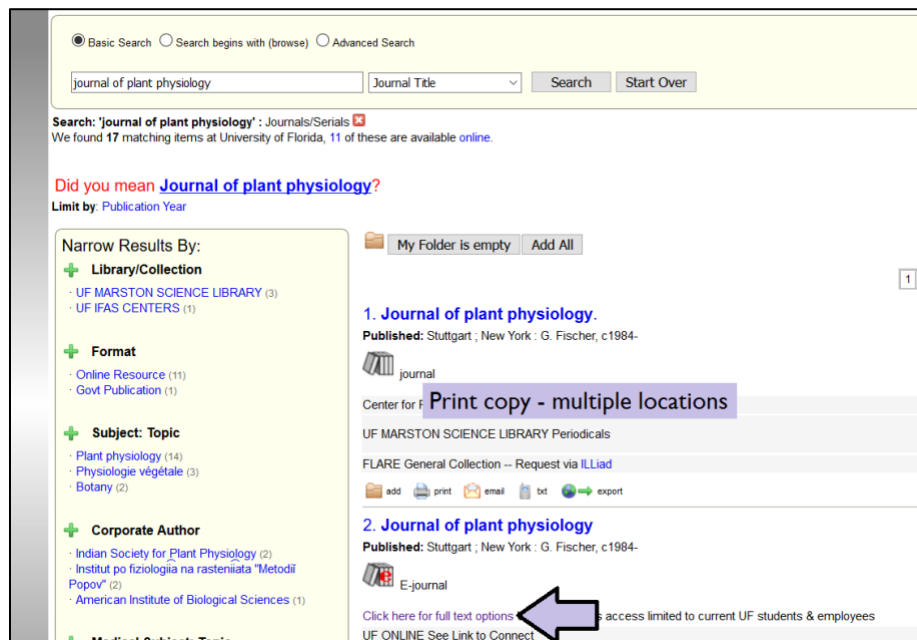

1. Search:

From the UF Libraries home page (A) <http://cms.uflib.ufl.edu/> select the tab (B) Library Catalog and choose the record field (C) Journal Title. In the search box, type the (D) title of the journal and click (E) Search.

2. Results List:

Matching journal titles will appear in a results list, sorted by relevance – best matches will appear at the beginning of the list.

In this example, both formats of the journal are listed. The print copy is available at two locations: UF MARSTON SCIENCE LIBRARY and FLARE. There is a separate listing for the eJournal. Click either title link to see more information about the journal.

3. Availability:

Within the listing for the eJournal, click the link labeled: [Click here for full text options](#) to see links to full text access and the date range of coverage provided by each resource.

The screenshot shows a search results page from UF George A. Smathers Libraries. The search term is 'AN 42183'. The results show one item: '1. Journal of plant physiology'. Below the title, it lists ISSN: 0176-1617, 1618-1328. Botany. There is a search box for 'Search within Publication'. Underneath, there is a 'Full Text Access' section with a blue arrow pointing to it. Below this section, there are four database links: 'Agriculture Journals 03/01/2002 - 05/01/2005', 'Biological Science Database 03/01/2002 - 05/01/2005', 'Earth, Atmospheric & Aquatic Science Database 03/01/2002 - 05/01/2005', and 'ProQuest Agricultural Science 03/01/2002 - 05/01/2005'. A purple arrow points to the 'Full Text Access' section.

4. Peer-reviewed:

To view the Detailed Record, click the journal title link. The Detailed Record displays the ISSNs for available formats, the URL for access to the publisher, the number of issues published per year, and confirmation of peer-reviewed.

The screenshot shows the 'Detailed Record' for 'Journal of plant physiology'. It includes a search box for 'Full Text: Search within Publication'. Below that, there is a 'Full Text Access' section with a blue arrow pointing to it. The record lists the ISSN: 0176-1617 (print) and 1618-1328 (online). The publisher information is 'Elsevier GmbH Urban & Fischer'. The resource type is 'Journal', and the subjects are 'Botany'. The URL is 'http://www.urbanfischer.de'. The frequency is '18' and the peer-reviewed status is 'Yes'. A purple arrow points to the 'Peer Reviewed: Yes' text.

Additional sources for confirming peer-reviewed:

- Ulrich's <http://ulrichsweb.serialssolutions.com/>
- Directly with the journal Web site – Check “About this journal” or “Guide for Authors” sections. The information may be difficult to determine.

Please contact the UF/IFAS Publication Coordinator if you have any questions or would like assistance in determining Peer-reviewed of a journal.
