Demonstrating UF Affiliation

All publications referenced in the annual report must contain confirmation of University of Florida affiliation. Publications that do not include UF in the author’s byline will be excluded. Please refer to the two examples below:

Citation in APA 6th style:

This article may be viewed at: https://doi.org/10.1094/PHYTO-03-16-0149-R

Example 1: Even though the current address of the first author Joseph M. Cicero is University of Florida, Entomology and Nematology, his institutional affiliation is with the School of Plant Sciences, University of Arizona. The reference would be excluded from the ENTNEM unit list.

Example 2: The institutional affiliation for both Jawwad A. Qureshi and Philip A. Stansly is Southwest Florida Research and Education Center, University of Florida, IFAS. The reference would be included one time in the SWFREC unit list.
